Cosy Island Cosy Curve

Designed by Francesco Rota

Cosy nasce dall'idea di offrire grande comfort con un gesto rassicurante, caldo e familiare.

Il segno senza tempo, il disegno morbido ed avvolgente, la sua adattabilità e versatilità, rendono Cosy un imbottito capace di offrire grande comfort in situazioni, ambienti e contesti differenti.

Oggi la famiglia Cosy viene ampliata con l'introduzione di elementi ad isola e curvi; tratto distintivo dell'intera collezione è la grande modularità e la più totale libertà compositiva: un divano da creare in base alle proprie esigenze e, grazie all'ampia scelta di tessuti, adattabile a qualsiasi contesto, dai soggiorni più moderni a spazi di accoglienza e contract.

Cosy comes from the idea to offer high comfort with a reassuring, warm and familiar gesture.

The timeless lines, soft and all embracing design, adaptability and versatile character make Cosy a padded item that offers the utmost comfort in a wide range of situations, environments and frameworks.

Today, the Cosy family is widened with the introduction of island and curved elements; a distinguishing feature of the entire collection is its great modularity and total freedom of composition: a sofa to be created according to one's needs and, thanks to the wide choice of fabrics, adaptable to any context, from the most modern living rooms to reception and contract spaces.
