

CT11 KAISA

BEISTELLTISCH / SIDE TABLE
DESIGN: ANNABELLE KLUTE, 2023

Inspired by jewelry and glass objects of the Art Déco, the KAISA side tables are characterized by sculptural elegance and a reduced form language. KAISA was designed by industrial designer and goldsmith Annabelle Klute and is available in different colors and sizes. The sizes Small and Medium are available in black, mirrored and brown glass. KAISA shows itself from different perspectives in ever new facets – sometimes reflecting, sometimes transparent. /

Inspired by Art Deco jewelry and industrial glass developments of the time, side tables KAISA illustrate sculptural elegance with abstractions in faceted and linear forms. Designed by industrial designer and goldsmith Annabelle Klute, KAISA side tables are scaled in small and medium sizes and are offered in black, mirrored and brown glass. Exploring different combinations and gradients of translucency, KAISA presents a distinct character from each angle, drawing the eye to perceptive details and reflections.
